

Quality, Environmental, Safety and Health Policy

Mines and Geosciences Bureau Regional Office No. 1 is committed to provide the highest quality services to our customers with integrity, transparency, accountability, diligence, and discipline. We also ensure safety to prevent injury and ill-health and environmental protection including pollution prevention. We are also committed to comply with all applicable requirements and continually improve our QEHS Management System, thru;

- Maintaining consistent focus on technology updates, asset investments, and process improvements.
- Acquiring and developing employees into highly skilled professionals
- Consultation and active participation of employees.
- Updating and monitoring our QEHS programs and operational controls.
- Reviewing regularly our QEHS performance to ensure prompt action to problems and accuracy of reports.
- Maintaining good relationship with our customers.
- Serving with a smile.

SOCRATES G. GAERLAN
Regional Director
